Facility Facts

The sponsor of the facility is DRK Mülheim an der Ruhr KiTa gGmbH. The family center is located at Löhstraße 61, at the corner of Kohlenstraße, directly in the city center. The area covers 2,476 sqm in a residential area with a 30 km/h speed zone. The property is centrally located, yet in a quiet environment.

The four-group facility cares for 71 children, ranging from 4 months to the start of school. Parents can choose between 35 or 45 hours per week. Since 2021, the "Rettungszwerge" have been a family center.

What makes the facility special?

- 🌍 We see ourselves as companions to the children, which is why close cooperation with the parents is important to us.
- 🌍 The location offers many opportunities to explore the surroundings, such as the city, the media house, the MüGa park and much more.
- 🌍 We work closely with the Youth Welfare Office (Jugendamt) at the local and state levels, as well as with the Health Department, to support children early on. This includes early childhood development assessments that take place directly in our facility.
- 🌍 Occupational therapy takes place at the facility if a prescription is provided.
- 🌍 **Certified by Prima-Leben:**
The children here experience a balance of nutrition, relaxation, and physical activity. We place particular importance on a balanced diet, and we have two cooks in the house who prepare fresh meals for the children daily. The children at the facility can also participate in water acclimatization activities.

Programs at the facility

Parents' Café:

Once a month, the parent council organizes a Parents' Café in the multipurpose room.

Parents' breakfast in advent:

Together with the parent council, we would like to offer you the opportunity to meet and exchange ideas with other parents in a pleasant atmosphere.

Collaboration with parents:

Together with the parents, we aim to give the children the best possible start in life. For this reason, in addition to the annual parent meetings, we offer regular opportunities for further discussions.

During our Kindergarten Annual Family Trip, communication and cooperative partnerships can be strengthened, as well as during the joint singing and movement circle.

We actively involve parents and embrace diverse cultures in the planning, organization, and celebration of events and festivities.

The needs and interests of parents vary depending on the situation, so suggestions for events can be regularly shared with the team, the parent council, or the management.

We organize interest-based parent courses.
